Elasticated ankles and wrists

Lightweight spun-bonded polypropylene with an outer breathable film

Colour: White

Size: S-XXXL

Cleanroom compatible

Packaged individually

Manufacturer code: S2BH+

Limited stock available

More Info

AlphaShield 2000+ is a limited life coverall made from lightweight spun-bonded polypropylene with an outer breathable film. It is designed to protect workers from hazardous substances or sensitive products and processes from contamination.

Key features

Lightweight spun-bonded polypropylene with outer breathable film. Taped sealing on storm flap for extra protection. Thumb loop ensures arm protection remains in place when arm is raised. Elasticated ankles and wrists. Innovative, three-piece elasticated hood construction provides added comfort, durability and fit.

Cleanroom compatible.

Type 5 & 6 full laminated disposable coverall. Protection against particulate hazards (Type 5) and or limited liquid splashes or sprays (Type 6) depending on the chemical toxicity and exposure conditions.
